Tom:

I think I have completed the spreadsheet for laryngeal cancer. I am sending it on to you via e-mail for your inspection.

I started Audrey with the studies in the study quality table **Ex. 5 Deliberative Process (DP)**

## Ex. 5 Deliberative Process (DP)

In the end, we'll need a study quality table which includes all the laryngeal studies. I have spreadsheet which will help but I wanted Audrey to check all of them in case I missed something.

Also need a figure but not and evidence table for laryngeal cancer. I appreciate you checking what Audrey started. Please keep up the good work!

Thanks,  
Tom

Tom:

The figure and tables you, Brian and I put together a while back on laryngeal cancer do not exactly match the data that is on Audrey's spreadsheet. **Ex. 5 Deliberative Process (DP)**

## Ex. 5 Deliberative Process (DP)

**Ex. 5 Deliberative Process (DP)**

Did you or anyone do an update on the laryngeal cancer tables or are we putting that together now?

## Ex. 5 Deliberative Process (DP)

I also noticed that somehow we did not include laryngeal cancer in the quality control tables. Will we have to update those tables as well?

I will go over this material again on Monday to make sure I wasn't imagining things.

Hope you are doing well.

Dave Bayliss

David,

Can you continue this effort to get the results on laryngeal cancer? I've attached the study quality table and you could start where Audrey left off.

Thanks,  
Tom

Hi Barbara and Tom,

Attached you will find the spreadsheet with the data you requested from the literature review of laryngeal cancers for formaldehyde. I was able to review the articles and enter, if appropriate, pertinent information for the references up to and including p. 11 of the Table entitled "Evaluation of Epidemiology Studies of Formaldehyde and Cancers of the URT (NPC, SN, OHPC) and LHP (HL, MM, LL, ML) --- i.e. up to and including the Hayes, 1990 reference (bottom of p. 11 of the table). I hope you find this useful.

If you have any questions please feel free to contact me.

Please let me know if you want me to continue this when I return from vacation or if someone else was able to complete it.

Take care.

Thanks.  
Audrey

Barbara and Tom,

Tomorrow is my last day in the office before I leave for vacation. I can send you the information I have collected thus far by COB today or Noon tomorrow (whichever is your preference) and we can discuss it tomorrow before 3:00 pm if you like. I will let you know where I left off so that, if you need to, you can give the rest to someone else. If it can wait I would be happy to continue working on it when I return on October 8<sup>th</sup>.

Thanks,  
Audrey
